Protest Against Moroccan Activity as Relief of Fez Has Been Accomplished.

AIM IS TO EXTEND ITS ZONE

Premier Canalejas Sends Message to Chamber of Deputies.

ADHERES TO CONFERENCE PACT

Tells Lawmakers Action is Not Inconsistent with Agreement.

DIPLOMATS ARE GETTING BUSY

French Ambassador Represents Unanimity of Further Military Enterprise in Troubled Sultanate.

MADRID, June 9.—Premier Canalejas informed the Chamber of Deputies last night that Spain's projected military operations at El-Arashi, Morocco, were not inconsistent with the treaty of Algeiras or other agreements.

It was necessary, he said, for Spain to restore and preserve order in that part of Morocco.

It is understood that the government also plans the occupation of Tetuan, Morocco, because Spanish subjects have been killed or maltreated by rebellious tribesmen.

In both the Tetuan and El-Arashi regions Spanish interests are endangered. The French government is endeavoring to dissuade Spain from these military movements.

French Government Concerned.  
PARIS, June 9.—The French government is concerned over Spanish activity in Morocco, especially at a time when France, having attained the relief of Fez, intends to withdraw its troops after reorganizing the sultan's army and having accomplished the pacification of the country.

Spain seemingly determined to extend its zone in Morocco, which is now limited to Melilla and Ceuta and their environs.

M. Geoffroy, the French ambassador at Madrid, is representing to the Spanish government the unlikelihood of further military enterprise in the troubled sultanate as endangering the confidence of the powers in the maintenance of Moroccan unity, since some power might declare that Morocco was being dismembered and so the powers were no longer bound by the Algeiras agreement, but each free to act according to its own interests in reference to Morocco.

The power naturally in mind which might make such representations is Germany. The German note which was reported as being sent to France calling attention to the limitations of the Algeiras agreement apparently has not been received here.

## SMELTER MEN WANT MORE PAY

Strike in One of the Big Mexican Plants Owned by the Madero Interests.

TORREON, Mex., June 9.—The strike at the Asarco smelter continues and is augmented by a strike to the Torreon smelter, to the great detriment of the mines in this region. The men are holding out for a 10 per cent increase in wages, which range from \$1.15 to \$1.75 per day, Mexican money. The management declares the increase will not be granted.

Of the 300 men at the Torreon smelter, only twenty are on duty, one furnace being kept going. The Torreon smelter is largely owned and entirely controlled by the Madero interests. All the foremen, coal passers, boiler-makers, mechanics and car inspectors on the Torreon division of the Mexican International railway have struck for their April pay which has been delayed owing to the revolution.

The railroads have the cash on hand, but the payrolls have not been approved.

## JURY EXAMINES WITNESSES

Investigation into Sluggings and Shootings that Have Occurred in Chicago.

CHICAGO, June 9.—State's Attorney John E. W. Ryan began today an investigation into the sluggings and shootings that have occurred in connection with building trades jurisdictional disagreements which have been attributed by the police to a number of alleged sluggers, who, it is charged, worked for some union officials.

Ten witnesses were taken before the grand jury today and questioned concerning at least two killings and disturbances where victims have been beaten into insensibility.

## 'Frisco Club Man Shot by Woman May Recover

C. Frederick Kohl, Wounded by Maid Formerly Employed by Wife, is Well Known in East.

SAN FRANCISCO, June 9.—The condition of C. Frederick Kohl, prominent capitalist and clubman, who was shot and dangerously wounded yesterday by Adele Verge, a French maid formerly in the employ of Mrs. Kohl, was slightly improved this morning. According to his physicians Kohl rested easily last night and it is thought he may recover. No effort has been made to locate or extract the bullet lodged in his breast, but an examination will be made today. Adele Verge spent the night at the city prison in incoherent prayers for the recovery of her victim. Hysterical and unweary, she would only say in reply to questions that she did not know why she shot Kohl and did not want him to die. She declared she had bought the pistol many months ago as a protection against the detectives she says Kohl and Frank Miller hired to persecute her.

The shooting occurred in the corridor of the Grand building, in which the superior courts are housed, and to which Mr. Kohl had gone as a witness in a suit recently brought by Miss Verge against him and Frank A. Miller, a hotel manager of Riverside, for malicious prosecution.

The suit which led to the tragedy was an outgrowth of a quarrel between Miss Verge and a chauffeur and the former's discharge from Mrs. Kohl's service. Mrs. Verge alleged in her complaint that Mr. Kohl and Mr. Miller had prevented her from obtaining employment.

Kohl was well known in eastern cities because of his financial connection and social affiliations. His first wife was Miss Edith Dunlap of Philadelphia, who was married to him in 1896 and who died in New York following an operation for appendicitis in 1910.

## Hingstone Details Some Inside Facts

Testimony Showing Methods of Running Redeemable Investment Company of Boston.

BOSTON, Mass., June 9.—The government attempted to show today at the resumption of the trial of the Rev. Norman Hingstone, Charles H. Brooks and John P. Trapnag, officers of the Redeemable Investment company, who are charged with using the mails to defraud, their salaries as officers of the company were secured from the company's redemption fund. Brooks was drawing an annual salary of \$500, Hingstone \$300 and Trapnag \$200, according to the testimony given today by William E. Hingstone, the public accountant and hand writing expert. These salaries, Hingstone said, were paid out of the general fund which, he testified, had been availed by money taken from the redemption fund by means of fictitious sales of redeemable stocks to Brooks and Trapnag.

This stock was afterward redeemed for cash by the company and part of the proceeds were turned into the general fund. The defendants enjoyed these salaries from September, 1909, when the company was incorporated, up to October, 1910, when the postal authorities forced the company to stop.

William G. Poor, treasurer of the Boston and Canada Wheat Lands company, one of the subsidiary concerns of the redeemable fund, was called for further inquiry into the contracts, which he had previously testified the company held for the 110,000 acres of wheat land in Saskatchewan. The defendants claim that the contracts were taken away by the postal authorities in the raid. The government, however, denies this.

The government closed its case and the jury was excused until Tuesday, pending arguments on points of law. The defense announced it would finish next week.

## Blas Ruiz Tells of the Earthquake

Two or Three Persons Killed and Considerable Damage Done at Colima, Mex.

TUXPAN, Jalisco, Mexico, June 9.—Blas Ruiz, a merchant, is the first person to arrive from Colima, the region said to have suffered the greatest shock from the earthquake. He reports the railroad blockaded by landslides and that there were only two or three victims at Colima.

The roof of the cathedral and of the church of La Merced fell. The principal damage other than this, was to a number of small houses. The principal buildings suffered little damage.

## RATE DECISION WILL AID OMAHA

Ruling of Interstate Commerce Commission Puts City on Equality with Others.

MERELY EQUALIZATION OF RATES

Omaha is Given Even Break with Kansas City.

WILL BE BOOST FOR MARKET

Shippers from Over Nebraska May Now Be Paid More.

DISADVANTAGE AGAINST OMAHA

Heretofore it has been from a fraction of a cent to seven cents eastward in favor of other points.

The ruling of the Interstate Commerce commission as reported from Washington allowing suspended rates to go into effect between Missouri river and eastern points will be of benefit to the Omaha Stock exchange. The rates which have been suspended and now go into effect carry cattle from all points on the river to Mississippi points for 17 cents. Eastern buyers and exporters can now ship from Omaha to the east, to Chicago or the seaboard as cheaply as from Kansas City.

"This case has been fought for a long time by the South Omaha interests and the decision is a victory for their efforts. It was begun in Kansas City and evidence taken there last October. In February it was argued before the Interstate Commerce commission at Washington, and at that time the order of the commission raising the rate was suspended and has remained so until this order.

"The principal advantage to Omaha will be a general raise in prices paid in this market. Shippers in southeastern Nebraska and northern Kansas who ship to other points will finally send their live stock to South Omaha."

## Woman Breaks Up Keg Party With Rock and Rifle

Mrs. McGowan of Atchison, Who Was Offered Drink by Picnic Party, Calls the Bluff.

ATCHISON, Kan., June 9.—With the use of a rifle and her strong right arm, Mrs. Thelma McGowan, a temperance advocate, broke up a picnic at which beer was being served near here last night. Mrs. McGowan was raising a storm by shouting when one of the "big party," knowing her temperance sentiments, chidingly invited her to have a drink. She accepted a cup of beer, intending to take it away to use as evidence against the merry makers.

One of the men said she would have to drink the beer or give it back. ## O'Callaghan Jury Fails to Agree

Panel that Tried Brother of Des Moines Treasurer for Robbery is Discharged.

DES MOINES, June 9.—The jury in the case of James O'Callaghan, accused of complicity in an attempt to dynamite and rob the Polk county treasury March 21, reported failure to reach a verdict this morning after having been out for nearly fifty hours. O'Callaghan, who is the brother of Robert O'Callaghan, the Western league magnate, formerly was a deputy in the treasurer's office.

## EIGHT THOUSAND MEN IDLE

Strike at the Baldwin Locomotive Works Affects a Number of Departments.

PHILADELPHIA, June 9.—Officials at the Baldwin Locomotive works, where a number of workmen went on strike, refuse to say how many men are out, but union leaders say fully 8,000 men are idle. The company continues to decline to make any statement as to the merits of the grievances of the strikers.

The departments most affected by the strike are the boiler, erecting and blacksmith shops.

## What the Parents Didn't See

## MRS. J. H. WAYLAND KILLED

Wife of Editor of Appeal to Reason Injured in Auto Smashup.

DIES WITHIN A FEW HOURS

Steering Gear of Machine Breaks and Victim is Thrown Against Telephone Pole—Others in Car Are Uninjured.

PITTSBURG, Kan., June 9.—Mrs. J. H. Wayland, wife of the editor of the Appeal to Reason, published at Girard, Kan., died today from injuries received in an automobile accident at Girard last night. Mrs. Wayland was riding in company with her husband, their two children and a Mrs. Clements of Indiana, who is a visitor at the Wayland home. The steering gear of the machine got out of order and the car dived to the side of the road, striking a telephone pole and going into a ditch. Mrs. Wayland was thrown forward violently, her head striking the pole. Her skull was fractured and she was rendered unconscious, remaining in that condition until her death.

Mrs. Wayland, who was 39 years old, was married six years ago. Before that time she was employed in the office of the Appeal to Reason as private stenographer to Mr. Wayland.
